

Ms Erikson's 2nd Grade Virtual Field Trip To The Antarctic Self-Guided Brochure

Welcome to Ms. Erikson's virtual field. I hope you dressed warm, because we are off to the Antarctic at the South Pole. Each group will use a computer and corresponding study guide to navigate themselves through the adventure of a life time. Have fun! Happy learning!

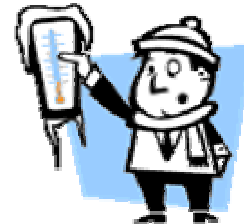

Click on the URL to read facts about the Antarctic. <http://www.etc.colstate.edu/jchristy/kidspage/page2.htm>
List three facts that you find interesting. _____

What is today's temperature at the Antarctic? _____

Click on the URL to find out.

<http://www.antarcticconnection.com/antarctic/weather>

Did you hear the wind? _____

The Antarctica has several different animals that live there such as penguins, seals, and whales. To find out about the Orca whale also known as the "Killer Whale" click on the URL.

<http://www.antarcticconnection.com/antarctic/wildlife>

Listen to the song of the Orca whale. What did this song remind you of?

A killer whale named Shamu lives at Sea World. Click on URL to find out what he is doing.

<http://www.shamu.com/html/shamucam.html>

Is he alone? _____

Draw a picture of your observations of the Shamu cam below.

This concludes your virtual field trip to the Antarctic. Thank you for coming!
